RE: NCGS 120-157.1 through 157.4  
Notice of Intent to Issue Debt over \$1,000,000

To Whom It May Concern:

This letter is to serve as Notice in compliance with NCGS 120-157.1 through 157.4 that the City of Thomasville intends to apply for a loan in an amount of \$1,318,884 through NCDENR/DWI/DWSRF for the purpose of constructing a water line rehabilitation project known as the **Lambeth Knolls Waterline Replacements Project** consisting of the installation of approximately 6,500 linear-feet of new 6-inch diameter water line that will replace 2-inch diameter galvanized line that is greater than 40 years old. The purpose of this project is to increase water flow, apparent pressure, and water quality to the residents of this neighborhood and reduce the number of main breaks that are experienced. Loan repayments will be made from revenues of the Water/Sewer Enterprise Fund. This loan, if approved by NCDENR/DWI/DWSRF, will go before the LGC for approval as well.

Sincerely,

Morgan Huffman  
Public Services Director  
City of Thomasville
